At the start of each official intake (September, January and April) we will do our upmost to do home visits. This enables Preschool staff to visit each new child in their home environment. A home visit close to the time your child starts can help firm up that bond of trust between the children, parents/carers and the staff. Your child will be able to meet us in the home environment where they feel safe and secure. At the home visit the staff will ask you to fill in an information booklet about your child, this will help them prepare learning activities for each child and help with transition in to Preschool. They will also remind parents of Preschool procedures.

Settling in Period

To encourage smoother transition into the Preschool, for the first week of entry, new entrants will come to school on a part time basis. The following week, they start their normal week. During the first week, parents or carers are asked to stay to help with their transition. All children settle differently, and we

Currently our carpark can get quite congested, so we encourage you to park your vehicles at the free car park at the back of Rise Park shops and walk two minutes to get to Heart Preschool to avoid any obstructions and promote safety.

Absences

At this age, if your child is feeling unwell, or has suffered from sickness or diarrhoea, our policy is they must be kept off for the

If your child is staying all day you will need to provide a healthy packed lunch. Please bring it in a clearly named box. We are a healthy Preschool, therefore no sweets, chocolates and fizzy drinks. Please remember we have a no nut policy. If you could put an ice pack in your child's lunch box that would be great as we can not refrigerate all lunch boxes due to limited refrigeration space.

Each day, free fruit and milk are provided for the children attending Heart Preschool. If your child turns 5 years old there will be a charge for milk. If your child has specific milk you are welcome to bring in your own milk (clearly labelled) and a staff member will store it in our fridge for snack time. Water will be offered as an alternative if your child does not or can not have dairy products.

Drop off and Collection

The Preschool opens its main doors at 9.15am via the foyer. All children will self-register, with the help of parent/carer, put their coat and bag in their peg, use the bathroom and then settle straight into an activity of their choice. Please bring and collect your child promptly. Children must be collected from the Preschool by a 'named adult' that was put on the registration form at the start. Please let us know if someone different is collecting your child. Please wait in the foyer for a member of staff to dismiss your child safely. If you need to talk to a member of staff please wait until every child has been passed over safely to their parent or carer. Sometimes there maybe
